DETAILED ACTION

This action is responsive to the amendment filed 08-04-2006, which has been entered.

Claims 1-2 are allowed.

Drawings

1. The drawings were received on 08-04-2006. These drawings are approved by the examiner.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with George A. Smith Jr. on 08-24-2006.

The application has been amended as follows:

The following changes have been made to claim 1 to correct indefinite problems.

In claim 1, line 27, "can be" has been replaced by --is-- subsequent to "guide".

In claim 1, line 28, "can extend" has been replaced by --extends-- subsequent to "pivoted".

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipate or render obvious the combination of a plastic guide for a transmission device as set forth in claim 1 and most significantly requires the guide having a hole that is coaxial with and extends through a boss being formed on the guide body and fits in a circular hole of the reinforcement plate, whereby a mounting shaft on which the guide is pivoted extends through the circular holes of the guide and reinforcing plate without contacting the reinforcing plate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marcus Charles whose telephone number is (571) 272-7101. The examiner can normally be reached on Monday-Thursday 7:30 am to 6:00 pm.
